

It's never been easier to find out which books you need.

When you enroll in your Washburn courses,
a list of your books is created for you on

Just go to your **MyCourses** tab.
Click on the ***Find Your Books*** link on the left.

In the new window that opens,
click on the link the semester you want to see.

You will be directed to the Ichabod Shop web site,
to see a list of the required textbooks for your courses
as selected by your instructors.

You can shop immediately on the site.

You can print the list for later reference,
or attach it to a Pre-Order form.
